

Frame Cross section

Many years of experience of frame manufacturing by Küffner sets a new standard with the development of the CHORWO frame. In collaboration with our technical experts, the aluminium frame was optically reduced to the minimum dimension of 18 mm and still offers maximum flexibility in terms of. Types of opening with wall flushing either inwards or outwards. Exclusively made for timeless design and technical demands by CHORWO.

1. Masonry / Dry wall	2 Plaster / wall finish
3 Frames	4. Door panel

1. Door Panel	2. Main Frame
3. Sub Frame	4. Mounting Bracket
